

Exhibitor booth assignment

Interspeech 2017

Stockholm University

Universitetsvägen 10A-F

Corridor level 3

2017-08-17

Södra hus

Below you can find the assigned booths for all exhibitors at Interspeech 2017. The exhibition area is fully booked as of last week.

Please keep in mind when looking at the attached floor plan for exhibitors that the conference venue for Interspeech 2017 is a university and that the exhibition takes place in the main lecture hall corridor. Distance to registration is therefore not a suitable measure of how frequently any booth will be visited.

The Organizing Committee alternated poster sessions with exhibition sections and ensured that way that every exhibitor will receive high exposure. Furthermore, all lecture halls from A2 to F11 are occupied during oral sessions plus each section houses a coffee and working station, moving traffic along the corridor all the way.

Exhibitor	Booth	Size	Section
Amazon Alexa	1	double	B
CVTE	2	single	B
Cobalt Speech and Language	3	single	B
Appen	4	single	B
